**Idaho Fish Consumption Survey**

Hello, I am calling from [implementation agency], on behalf of the State of Idaho. We are trying to get a sense of Idahoan’s consumption of fish and seafood, and would like your help with a brief survey. For most people this will take only a few minutes, but if you consume fish or seafood, and especially if you eat fish from Idaho waters, it may take up to fifteen minutes. All information gathered in the survey will remain strictly confidential.
