

## Best Management Practices (BMP)

### General -

- Roads (maintenance/obliteration)
- Restored meadow segment
- Stream crossing
- Riparian plantings
- Ranch/corral/septic replacement
- Stream segment restoration
- Implementation of BMPS on allotments
- Performance of internal practices, methods and management audits

### Irrigated Crop Lands -

Anionic Polyacrylamide Erosion Control  
Conservation Crop Rotation  
Deep Tillage  
Filter Strip  
Irrigation Land Leveling  
Irrigation System  
Irrigation Water Management  
Nutrient Management  
Pest Management  
Residue Management (direct seed, mulch till, no-till, seasonal)  
Sediment Basin

### Nonirrigated Crop Lands -

Conservation Cover  
Conservation Crop Rotation  
Contour Buffer Strips  
Contour Farming  
Deep Tillage  
Field Border  
Filter Strip  
Grade Stabilization Structure  
Grassed Waterway  
Nutrient Management  
Pest Management  
Residue Management (direct seed, mulch till, no-till)  
Sediment Basin  
Stripcropping, Field  
Terrace  
Water and Sediment Control Basin

### Grazing -

Brush Management  
Critical Area Planting

Source: Catalog of Stormwater Best Management Practices for Idaho Cities and Counties, 2005

Construction Site Erosion Controls

- Timing of Construction
- Staging Areas
- Preservation of Existing Vegetation
- Clearing Limits
- Stabilization of Construction Entrance
- Erosion Prevention on Temporary and Private Roads

Housekeeping Source Controls

- Dust Control
- Cover for Materials and Equipment
- Stockpile Management
- Spill Prevention and Control
- Vehicle/Equipment Washing and Maintenance
- Waste Management
- Concrete Waste Management
- Sanitary/Septic Waste Management

Slope Protection Erosion Controls

- Mulching
- Hydraulic Mulching
- Geotextile
- Matting
- Soil Binders
- Topsoiling
- Seeding
- Sodding
- Planting
- Pipe Soil Drain
- Slope Roughening
- Gradient Terracing
- Retaining Walls

Channel and Stormdrain Protection

- Temporary channel liners
- Gabions
- Riprap slope and outlet protection
- Inlet protection
- Check dams
- Temporary stream crossing

Sediment Collection and Runoff Diversion (Sediment Controls)

- Biofilter bags
- Fiber rolls
- Silt fence
- Vegetative buffer strip
- Sediment trap (basin)
- Portable sediment tank
- Temporary swale
- Earth dike
- Perimeter dike/swale
- Temporary berms
- Temporary storm drain diversion
- Instream sediment trapping devices
