RE: Final finding of no significant impact determination for the East Shoshone County Water District  
Drinking Water Improvements (DWG-146-2014-3)

Dear Mr. Bunde:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on February 20, 2015 for the East Shoshone County Water District Drinking Water Improvements based on a careful review of the environmental information document prepared by Welch-Comer Engineers.

The draft FONSI was published on February 27, 2015 in the *Shoshone News-Press*, newspaper of record for the East Shoshone County Water District. **No comments were received during the 30-day public comment period** following publication. Therefore, the record of decision for the East Shoshone County Water District Drinking Water Improvements, a FONSI, is final.

This completes the environmental review of this project. Contact Katy Baker-Casile at the DEQ Coeur d'Alene Regional Office, (208) 666-4640, if you have questions regarding the project. For questions regarding the environmental review contact Mike May at (208) 373-0406 or via e-mail at [Michael.May@deq.idaho.gov](mailto:Michael.May@deq.idaho.gov).

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell  
Water Quality Division Administrator
