Subject: Final finding of no significant impact determination for the South Fork Coeur d'Alene River Sewer District's Page Wastewater Treatment Plant Improvements (WWG-365-2014-1)

Dear Mr. Cuthbert:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on April 14, 2015 for the South Fork Coeur d'Alene River Sewer District's Page Wastewater Treatment Plant Improvements based on a careful review of the environmental information document prepared by J-U-B Engineers, Inc.

The draft FONSI was published on April 23, 2015 in the *Shoshone News-Press*, newspaper of greatest distribution for the South Fork Coeur d'Alene River Sewer District. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the South Fork Coeur d'Alene River Sewer District's Page Wastewater Treatment Plant Improvements, a FONSI, is final.

This completes the environmental review of this project. Contact Katy Baker-Casile at the DEQ Coeur d'Alene Regional Office, (208) 666-4640, if you have questions regarding the project. For questions regarding the environmental review contact Mike Stambulis at (208) 373-0123 or via e-mail at michael.stambulis@deq.idaho.gov.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
