

Motion for the May 2016 Meeting of the  
Idaho Board of Environmental Quality

Agenda Item #2

Individual/Subsurface Sewage Disposal Rules, Docket No. 58-0103-1501

I move that the Idaho Board of Environmental Quality adopt as pending rules the Individual/Subsurface Sewage Disposal Rules as presented in the final proposal under Docket No. 58-0103-1501, with Subsection 009.03.b revised to read as follows:

Manufacturers shall provide training to a reasonable number of service providers to perform required operation, maintenance, or monitoring as specified by the Director.

The pending rules will become final and effective on July 1, 2017 if approved by the Legislature.
