

AGENDA
SOUTHWEST IDAHO BASIN ADVISORY GROUP (BAG)
July 19 and 20, 2016
STIBNITE GOLD TOUR

July 19, 2016

10:30 a.m. Meet at DEQ for drive to Yellow Pine

12:00 p.m. Meet in Cascade – Lunch is on your own
Group discussion about mining and potential impacts in the SW Basin including this project location.

Stibnite Gold is one of the largest, highest grade open pit gold development projects in the USA, and comes with an important antimony by-product.

Environmental restoration includes:

- Re-establish fish passage in the upper watershed
- Rehabilitate stream channels and create wetlands
- Remove and reprocess existing tailings
- Reuse existing spent ore and waste rock for new construction
- Rehabilitate historical impacts

3:00 p.m. Arrive in Yellow Pine -
Review April 13, 2016 minutes
Round Table discussion
Re-cap of last year's 319 project proposal from SWBAG
319 priority discussion

7:00 p.m. Dinner

July 20, 2016

8:00 a.m. Breakfast –on your own

9:00 a.m. Stibnite Gold Project Tour – *Rocky Chase, Midas Gold*

1:00 p.m. Lunch

7:00 p.m. Return to Boise
