RE: Final finding of no significant impact determination for the Eagle Sewer District Wastewater Improvements

Dear Mr. Moser: *Lynn*

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on February 1, 2017 for the Eagle Sewer District Wastewater Improvements, based on a careful review of the environmental information document prepared by CH2MHill.

The draft FONSI was published on February 4, 2017 in the *Idaho Statesman*, newspaper of greatest distribution for the Eagle Sewer District. No comments were received during the 30-day public comment period following publication. Therefore, the determination made for the Eagle Sewer District Wastewater Improvements, a FONSI, is final.

This completes the environmental review of this project. Contact Kevin Ryan at the DEQ Boise Regional Office, (208) 373-0184 if you have questions regarding the project. For questions regarding the environmental review contact Aimee Hill at (208) 373-0556 or via e-mail at aimee.hill@deq.idaho.gov.

Sincerely,

Barry N. Burnell

Barry N. Burnell
Water Quality Division Administrator
