RE: Final finding of no significant impact determination for the City of Iona Water System Improvement Project (DW1805)

Dear Mayor Gubler:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on July 23, 2018 for the City of Iona Water System Improvement Project based on a careful review of the environmental information document prepared by Schiess & Associates.

The draft FONSI was published on June 20, 2018 in the *Post Register*, newspaper of record for the City of Iona. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the City of Iona Water System Improvement Project, a FONSI, is final.

This completes the environmental review of this project. Contact William Teuscher at the DEQ Idaho Falls Regional Office, (208) 528-2666, if you have questions regarding the project. For questions regarding the environmental review contact Adam Oliver at (208) 373-0406 or via e-mail at adam.oliver@deq.idaho.gov.

Sincerely,

A handwritten signature in cursive script that reads "Barry N. Burnell".

Barry N. Burnell
Water Quality Division Administrator
