Subject: Final finding of no significant impact determination for the City of Council Wastewater Improvements Project, WWG-391-2018-1

Dear Mayor Gardner:

A draft finding of no significant impact (FONSI) was issued by the Idaho Department of Environmental Quality (DEQ) on August 6, 2018 for the City of Council's wastewater improvements project based on a careful review of the environmental information document prepared by Great West Engineering.

The draft FONSI was published on August 9, 2018 in *The Adams County Record*, newspaper of record for the City of Council. No comments were received during the 30-day public comment period following publication. Therefore, the record of decision for the City of Council wastewater improvements project, a FONSI, is final.

This completes the environmental review of this project. Contact Kevin Ryan at the DEQ Boise Regional Office, (208) 373-0184, if you have questions regarding the project. For questions regarding the environmental review contact Michael Stambulis in the state office at (208) 373-0123 or michael.stambulis@deq.idaho.gov.

Sincerely,

A handwritten signature in black ink that reads "Barry N. Burnell".
