RE: Environmental Determination for the City of American Falls Drinking Water System Improvement Project (DW1010)

Dear Mayor Wynn:

A revised draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on August 4, 2011 for the City of American Falls drinking water system improvement project based on a careful review of the Environmental Information Document prepared by Keller Associates.

The revised draft FONSI was published on August 10, 2011 in the *Power County Press*, newspaper of record for the City of American Falls. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the revised City of American Falls drinking water system improvement project, a FONSI, is final.

This completes the environmental review of this project. Please contact Craig Borrenpohl at the Pocatello Regional Office, 208-236-5016, or by email at [Craig.Borrenpohl@deq.idaho.gov](mailto:Craig.Borrenpohl@deq.idaho.gov) if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell  
Water Quality Division Administrator
