Agenda
Fish Consumption Rates in Idaho Water Quality Criteria
Negotiated Rulemaking Meeting, Oct 4, 2012, 9a – 12:30p
Docket No. 58-0102-1201

1) Introduction - Why are we here talking about this (EPA’s May 10, 2012 action)?

2) What are human health criteria and how does fish consumption fit in?

3) Possible effects on Idaho discharges of a change in HH criteria?

4) BREAK – 15 min

5) DEQ’s review of available fish consumption reports.

6) Policy questions affecting a choice of fish consumption rate used to develop WQ criteria

7) DEQ’s thoughts/recommendation on use of fish consumption data.

8) Next steps
