RE: Environmental Determination for the City of Arco Drinking Water System Improvement Project (DWG 111-2011-4)

Dear Mayor Langseth:

A draft Finding of No Significant Impact (FONSI) was issued by the Department of Environmental Quality (DEQ) on November 27, 2012 for the City of Arco drinking water system improvement project based on a careful review of the Environmental Information Document prepared by Forsgren Associates, Inc.

The draft FONSI was published on December 6, 2012 in the *Arco Advertiser*, newspaper of record for the City of Arco. No comments were received during the thirty (30) day public comment period following publication. Therefore, the record of decision for the City of Arco drinking water system improvement project, a FONSI, is final.

This completes the environmental review of this project. Please contact Willie Teuscher at the DEQ Idaho Falls Regional Office, (208) 528-2666, if you have questions regarding the project.

Sincerely,

A handwritten signature in blue ink that reads "Barry N. Burnell".

Barry N. Burnell  
Water Quality Division Administrator
