

## **PBR REGISTRATION OVERVIEW**

Any owner or operator of a nonmetallic mineral processing plant (rock crushing plant) that opts to operate under a PBR needs to meet all the requirements set forth in Sections 795–799 of IDAPA 58.01.01, *Rules for the Control of Air Pollution in Idaho (Rules)*. These rules include requirements to use best management practices and specifies monitoring and recordkeeping. The current rules can be accessed on the Department of Administration’s website at <http://adminrules.idaho.gov>. When registered with a PBR, a Permit to Construct is not required.

Rock crushing plants that operate or may be operated at a single location or site for more than twelve (12) consecutive months do not qualify for a PBR and must obtain a permit. The Permit to Construct application for rock crushers can be obtained from the DEQ website at <http://www.deq.idaho.gov>.

## **PBR REGISTRATION INSTRUCTIONS**

1. **Registration Form:** Complete the attached PBR registration. This registration can cover only one crusher plant or the modification to the owner’s registered “Master list” by adding a plant or modifying the equipment listed. Owners can opt in to having their equipment and facilities managed through the “Master List” format to allow for more flexibility for owners with multiple PBR registrations and numerous pieces of equipment. Owners that operate more than one plant at a time need to register each plant individually. Equipment registered by an owner to the “Master List” can be utilized at any plant operated by that owner. Serial numbers are required for crushers and screen decks; however, if the equipment does not have a serial number, put the Equipment Identification Number used by the facility in the Serial No. column.
2. **Portable Equipment Relocation Form:** Complete the Rock Crusher Portable Equipment Relocation Form (RCPERF). An electronic copy of the RCPERF can be obtained from the DEQ website at <http://www.deq.idaho.gov>. A Portable Equipment Relocation Form notifies the DEQ of where specific equipment is located between plants operated by an owner, whether it is existing or new equipment. It is important to be aware that in addition to being submitted with this PBR registration, a RCPERF must be completed and filed at DEQ at least 10 days in advance of relocating any of the equipment covered in this registration.
3. **Fees:** In accordance with the *Rules for the Control of Air Pollution in Idaho* (IDAPA 58.01.01.800), DEQ cannot process this registration unless it is accompanied by the corresponding registration fee. The current rules can be accessed on the Department of Administration’s website at <http://adminrules.idaho.gov>.
4. **Mail or Submit:** Please mail or submit the completed PBR registration, PERF form, and the PBR registration fee to the address below. PBR processing cannot commence without payment.

Idaho Department of Environmental Quality  
Attn: Air Quality Program  
1410 North Hilton  
Boise, ID 83706-1255

5. **Payment:** Payments can be in the following formats.

If paying with a check, make the check payable to the Idaho Department of Environmental Quality, and send or include it with the completed application to the address above.

If paying with a credit card or E-check, payment can be made at <https://www.accessidaho.org/ai/payport/online/deq/index.html> (**Note:** Convenience fee of 3% applies to credit card payments, \$5 to E-check payments.)

**The Department will acknowledge registration in writing within fifteen (15) days.**

Please see instructions on page 1 before filling out the form.

			<input type="checkbox"/>	<input type="checkbox"/>
			<input type="checkbox"/>	<input type="checkbox"/>

Comments (include like-kind equipment replacement information if applicable):

If applicable and rental equipment is being added, please attach corresponding Subpart OOO testing information.

Register a new or unpermitted facility; Cancel a permit and obtain a PBR; Add, Remove, or Edit equipment on existing PBR  
 \$250 PBR registration fee enclosed

Add, edit, or remove equipment listed on the "Master List"  
 \$250 PBR registration fee is enclosed for each modified PBR facility (i.e. the facilities listed in the Reason for Application)
